SUMMARY

Generalist software engineer with 4 years of experience across backend services and internal tooling, with strong Python experience.

SKILLS

Python, Flask, PostgreSQL, Docker, Git, REST APIs

EXPERIENCE

Software Engineer, Briarcliff Systems (2022-Present)

- Built internal tooling in Python (Flask) used by three teams daily.
- Wrote a Python migration script that moved 2M records between PostgreSQL databases with zero downtime.

Junior Developer, Oakhollow Software (2020-2022)

- Maintained a Python/Django billing service.
- Wrote automated tests in Python, raising coverage from 40% to 85%.

EDUCATION

B.S. Computer Science, Arizona State University
